

SPECIALIST PROFESSIONAL STUDIES

Profile	Subject Name	espb	Number of Classes	Semester
Professional Nurse Specialist	Basics of biostatistics and informatics	8	I:(45+7+15)	1
Professional Nurse Specialist	Basics of clinical biochemistry	7	I:(30+30+8)	1
Professional Nurse Specialist	Basics of clinical biochemistry	7	I:(30+30+7)	1
Professional Nurse Specialist	Basics of clinical medicine I	8	I:(45+30+8)	1
Professional Nurse Specialist	Basics of clinical medicine I	8	I:(45+30+7)	1
Professional Nurse Specialist	Basics of clinical medicine II	8	I:(45+30+8)	1
Professional Nurse Specialist	Basics of microbiology and immunology	7	I:(30+30+8)	1
Professional Nurse Specialist	Basics of microbiology and immunology	7	I:(30+30+7)	1
Professional Nurse Specialist	English language	6	II:(30+30+0)	2
Professional Nurse Specialist	English language	6	II:(30+30+0)	2
Professional Nurse Specialist	Management and health promotion	8	II:(45+23+15)	2
Professional Nurse Specialist	Management and health promotion	8	II:(45+22+15)	2
Professional Nurse Specialist	Basics of biostatistics and informatics	8	I:(45+8+15)	2
Professional Nurse Specialist	Basics of clinical medicine II	8	II:(45+30+7)	2
Professional Nurse Specialist	Basics of preventive medicine	8	II:(45+8+30)	2
Professional Nurse Specialist	Basics of preventive medicine	8	II:(45+7+30)	2
Professional Nurse Specialist	Medical genetics	7	III:(45+30+8)	3
Professional Anesthetist Specialist	Basics of clinical biochemistry	7	I:(30+30+8)	1
Professional Anesthetist Specialist	Basics of clinical medicine I	8	I:(45+30+8)	1
Professional Anesthetist Specialist	Basics of clinical medicine II	8	I:(45+30+8)	1
Professional Anesthetist Specialist	Basics of microbiology and immunology	7	I:(30+30+8)	1
Professional Anesthetist Specialist	English language	6	II:(30+30+0)	2
Professional Anesthetist Specialist	Management and health promotion	8	II:(45+23+15)	2
Professional Anesthetist Specialist	Basics of biostatistics and informatics	8	I:(45+8+15)	2
Professional Anesthetist Specialist	Basics of preventive medicine	8	II:(45+8+30)	2
Professional Radiological Technologist Specialist	Basics of clinical biochemistry	7	I:(30+30+8)	1
Professional Radiological Technologist Specialist	Basics of clinical medicine I	8	I:(45+30+8)	1
Professional Radiological Technologist Specialist	Basics of clinical medicine II	8	I:(45+30+8)	1
Professional Radiological Technologist Specialist	Basics of microbiology and immunology	7	I:(30+30+8)	1
Professional Radiological Technologist Specialist	English language	6	II:(30+30+0)	2
Professional Radiological Technologist Specialist	Management and health promotion	8	II:(45+23+15)	2
Professional Radiological Technologist Specialist	Basics of biostatistics and informatics	8	I:(45+8+15)	2
Professional Radiological Technologist Specialist	Basics of preventive medicine	8	II:(45+8+30)	2
Professional Medical Laboratory Technologist Specialist	Basics of clinical biochemistry	7	I:(30+30+8)	1
Professional Medical Laboratory Technologist Specialist	Basics of clinical medicine I	8	I:(45+30+8)	1
Professional Medical Laboratory Technologist Specialist	Basics of clinical medicine II	8	I:(45+30+8)	1
Professional Medical Laboratory Technologist Specialist	Basics of microbiology and immunology	7	I:(30+30+8)	1

Professional Medical Laboratory Technologist Specialist	English language	6	II:(30+30+0)	2
Professional Medical Laboratory Technologist Specialist	Management and health promotion	8	II:(45+23+15)	2
Professional Medical Laboratory Technologist Specialist	Basics of biostatistics and informatics	8	I:(45+8+15)	2
Professional Medical Laboratory Technologist Specialist	Basics of preventive medicine	8	II:(45+8+30)	2
Professional Sanitary Ecological Engineer Specialist	Basics of clinical biochemistry	7	I:(30+30+8)	1
Professional Sanitary Ecological Engineer Specialist	Basics of clinical medicine I	8	I:(45+30+8)	1
Professional Sanitary Ecological Engineer Specialist	Basics of clinical medicine II	8	I:(45+30+8)	1
Professional Sanitary Ecological Engineer Specialist	Basics of microbiology and immunology	7	I:(30+30+8)	1
Professional Sanitary Ecological Engineer Specialist	English language	6	II:(30+30+0)	2
Professional Sanitary Ecological Engineer Specialist	Management and health promotion	8	II:(45+23+15)	2
Professional Sanitary Ecological Engineer Specialist	Basics of biostatistics and informatics	8	I:(45+8+15)	2
Professional Sanitary Ecological Engineer Specialist	Basics of preventive medicine	8	II:(45+8+30)	2
Professional Physiotherapist Specialist	Basics of biostatistics and informatics	8	I:(45+8+15)	1
Professional Physiotherapist Specialist	Basics of biostatistics and informatics	8	I:(45+7+15)	1
Professional Physiotherapist Specialist	Basics of clinical biochemistry	7	I:(30+30+8)	1
Professional Physiotherapist Specialist	Basics of clinical biochemistry	7	I:(30+30+7)	1
Professional Physiotherapist Specialist	Basics of clinical medicine I	8	I:(45+30+8)	1
Professional Physiotherapist Specialist	Basics of clinical medicine I	8	I:(45+30+7)	1
Professional Physiotherapist Specialist	Basics of clinical medicine II	8	I:(45+30+8)	1
Professional Physiotherapist Specialist	Basics of microbiology and immunology	7	I:(30+30+8)	1
Professional Physiotherapist Specialist	Basics of microbiology and immunology	7	I:(30+30+7)	1
Professional Physiotherapist Specialist	English language	6	II:(30+30+0)	2
Professional Physiotherapist Specialist	English language	6	II:(30+30+0)	2
Professional Physiotherapist Specialist	Management and health promotion	8	II:(45+23+15)	2
Professional Physiotherapist Specialist	Management and health promotion	8	II:(45+22+15)	2
Professional Physiotherapist Specialist	Basics of clinical medicine II	8	II:(45+30+7)	2
Professional Physiotherapist Specialist	Basics of preventive medicine	8	II:(45+8+30)	2
Professional Physiotherapist Specialist	Basics of preventive medicine	8	II:(45+7+30)	2
